---

### **DISCOUNT FOR ALL GOVERNMENT EMPLOYEES**

**Verizon** – contact your customer service 800 number – plan must be in Government Employee's name. If not I believe they will help you with that. This discount should be 15% - 17%. You should also be able to go online to sign up at [www.verizonwireless.com/ryl](http://www.verizonwireless.com/ryl).

**Sprint/Nextel** – Offer of a discount to government employees, which currently include 27% off on phones and 10% off on accessories with 15% off on plans. The number I was given is 1-866-805-9889 ask for a sales representative. If this does not work in your area my only suggestion is to contact your customer service 800 numbers on your statement, or go on line to check it out. It is also my understanding that they will convert your plan to a "Government Plan".

**T-Mobile** – Offers a 14.3% discount off of their service plans for government employees. The number used was 1-866-646-4688. If this does not work I only can suggest contacting T-Mobile through your 800 customer service number on your statement or trying online.
