

I humbly announce that I am again running for the office of Southwest Area Alternate Executive.

I am honored to have served the past year as an alternate executive and provide support to the area executive and members in the Southwest Area.

It is imperative that we tell our story to new employees, especially with all the new hires that have been brought on board during the pandemic. The relationship we have with management is important to all employees, but recruiting is members is vital to our association.

I pledge to continue to learn, listen and support the Southwest Area Executive and the goals of the Association. I am glad to continue to share the story of our FSA family. Thank you for your support.

Sincerely,

Terry Cater, New Mexico
